University of A Coruña

Should AIs be Recognized as Legal Persons?

Piotr Tereszkievicz and Szymon Skalski

Jagiellonian University of Kraków

Legal Subjectivity and Contract Law: Identity and Self-Determination in the Digital Age

Claudia Confortini

Tor Vergata University of Rome

Emotion Recognition Systems and Data Economy

 **5 p.m. coffee break**

Thursday, 16 May 5:30 p.m.

SESSION 2: Hybridization

Chair/Discussant:

Fidelia Cascini

Università Cattolica del Sacro Cuore of Rome

Institutions and Competent Authorities Dealing with the Revolution of AI for Health

Keynote Speaker:

Craig Konnoth

University of Virginia

The Intersection of Medicalized Identity and Machine Implants/Augmentation/Support and Other Forms of Hybridization

Alessandra Pera and Sara Rigazio

University of Palermo

Love (?) is in the Web: Emotional Vulnerability and A.I. Girlfriend. A Gender Perspective

Isabella Ferrari

University of Modena and Reggio Emilia

AI in Health Care and Ethical Committee Perspective

Friday 17 May 9:00 a.m.

Venue: Villa Mondragone, Frascati, Rome

Welcome Addresses

Nathan Leviaudi Chiron, Rector of Tor Vergata University of Rome

Lucia Leonelli, Dean of the School of Economics

Martina Conticelli, Director of Management and Law Department, School of Economics

SESSION 3 : Inclusion/Exclusion

Chair/Discussant:

Michele Sorice

Sapienza University of Rome

Beyond Liminality. Digital Technologies between Inclusion and Citizenship

The Regulation of AI Simulation

G rardine Goh Escolar

Hague Conference on Private International Law

Private International Law and Developments in Artificial Intelligence

Guido Smorto

University of Palermo

Human Vulnerability and AI: The Risk of Risk-Regulation

Elettra Bietti

Northeastern University

Generative AI, Competition and a Sustainable Internet.

Discussants: Marta Bertolaso, Fidelia Cascini, Alessandro Mantelero, Craig Konnoth, Teresa Rodriguez de las Heras Ballell, Giovanni Sartor, Michele Sorice.

Closing Remarks

Reiner Schulze

University of M nster

1:30 p.m. light lunch

Friday 17 May 3:00 p.m.

PhD Sessions

Opening Remarks

Frank Pasquale

Cornell University

Parallel Sessions

I- Identity and Data Issues

Chair/Discussant:

Giovanni Sartor

University of Bologna

Maria Anastasia Arcuri (Tor Vergata), *Human vulnerability in interaction with digital health. The use of AI in the processing of health and genomic data*

Annamaria Iandoli (Tor Vergata), *Artificial intelligence and data protection: in pursuit of a sustainable development*

Lorenzo Basile, Andrea Mecchina e Luca Bortolussi (Trieste), *Copyright Issues in Deep Generative Models According to EU Law*

Giovanni Russo (Bologna), *A Critical Reflection on Personal Identity in Online Echo Chamber*

Amin Gino Fabbrucci Barbagli and Luca Pennella (Trieste), *Possibilities and struggles on the use of synthetic data in Europe*

Giuseppe Maria Marsico (Tor Vergata), *Artificial Intelligence, subjectivity and risk allocation of responsibility: between economic analysis of law, legislative policy and dogmatic profiles*

II- Access and Hybridization

Chair/Discussant:

Maria Francesca Murru

University of Bergamo

Giulio Santoni (Tor Vergata), *Individual rights towards algorithmic decision makers: access, explanation and tinkering.*

Andrea Mecchina (Trieste) et al., *Emerging Risks and the European Liability Framework in AI-Based Market Manipulation*

Antonella Tennenini (Tor Vergata), *AI and the sense of civic duty*

Manlio Lisanti (Tor Vergata), *The Residential Digital Divide and The Violation of the 'Right to the Village'. Can Web Access Save Italian Boroughs?*

Nesrine Kraiem (Bicocca), *How digital vulnerability matters in access to, identity construction and protection of health in the digital sphere*

Giuseppe Sferrazzo (Tor Vergata), *Hybridization of man and machine: Article 30 of the new Italian Public Contracts Code and comparison with the A.I. Act. A challenge for the future*

Closing Remarks

Camilla Crea

University of Sannio

Marta Infantino

University of Trieste
